Please find below and/or attached an Office communication concerning this application or proceeding.

Art Unit: 3644

Response to Amendment

1. The reply filed on 02/10/2005 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): the applicant has elected expanded perlite as the performance enhancing active. However, expanded perlite has not been disclosed as a performance enhancing active in the specification. Also, a majority of the newly listed claims include activated carbon as the performance-enhancing active which would thereby be withdrawn from prosecution as being directed to a non-elected species. As such, it is unclear as to whether the elected species of absorbent material of bentonite and the performance active of perlite was the invention the applicant wishes to prosecute. Clarification is required.. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. **EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).**

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Kimberly S Smith whose telephone number is 571-272-6909. The examiner can normally be reached on Monday thru Friday 10:00-4:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Teri Luu can be reached on 703-305-7421. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
